THE PUBLIC ARE HEREBY INVITED TO CONSIDER THE COMMERCIAL LAW POINTS, OF A PATENT. BEFORE MAKING AN APPLICATION FOR AN IMPROVEMENT.

It's not necessarily to make an additional number of parts or cost, in order to confine a claim. Most every article that contains old elements, can be improved upon by some means or another, without increasing its present value.

When an inventor claims an improvement, he is given credit for new idea only, although such idea have led to the perfection of the device. So therefore what we now present want is, new discoveries and ones that contains merits.
